前 言

國有土地以國土保育、公用優先、促進地利為運用原則，除位屬應受保護地區不提供開發利用外，配合政策及都市計畫、區域計畫規劃用途，優先提供各級政府機關公務、公用使用，餘以出租（含標租）、招標設定地上權、參與都市更新、共同改良利用、房地包租代管等多元方式予以活化。

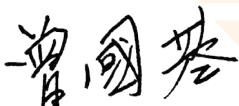

對於不適合以上述活化方式利用之邊際土地，致力推動民間環保團體保育專業認養，並媒合金融機構贊助經費，公私協力響應 ESG 理念，以共同守護國土生態，112 年更以「公私協力保生態 守護國土作伙來」為題，獲得第 6 屆「政府服務獎」殊榮。

「多元活化」向為管理國有財產重要業務之一，為跳脫固有思維，尋求靈活創新，同時結合國家政策及發揮國有土地價值，本署與臺東縣政府共同開發位於臺東縣卑南鄉太平榮家原址設置臺東縣樂齡健康長照園區，成功實現中央與地方政府共同開發國有土地引進長照產業首例；目前也複製相同模式與臺南市政府及雲林縣政府共同改良利用推動設置長期照顧設施中。

另為因應臺灣 2050 淨零轉型政策，與國立中興大學推動改良利用，擇定宜蘭縣三星鄉及臺東縣池上鄉 2 處國有土地供新植造林取得溫室氣體減量額度，亦為首創國內新植造林自願減量專案之國有土地活化模式。

以上種種業務措施，皆由同仁於進駐已 50 年之光復南路辦公廳舍逐步體現，該辦公廳舍現因建築物老舊及耐震能力不足而規劃改建，本署先於中繼辦公室愛國西路財政大樓完成結構補強，並於同地點設置職場互助服務教保中心，且逐步改善室內硬體設施後，終於 112 年 12 月 18 日搬遷進駐，期於新辦公地點展開新氣象，為國產業務再拓新篇章。

謹將這一年來施政成果編印成年報，並臚列今後重要工作目標，希藉此檢討過去，策勵未來，尚祈各界不吝指正。

財政部國有財產署署長  謹識

Foreword

The utilization of national land adheres to the principles of land conservation, prioritizing public use, and enhancing land value. With the exception of areas designated for protection and not available for development, national land is prioritized for official and public use by government agencies at all levels, in accordance with policies and urban and regional planning. The remaining land is revitalized through diverse approaches such as leasing (including lease by tender), tender for the establishment of superficies, participation in urban renewal, joint improvement and utilization, and real estate leasing and management.

For marginal lands not suitable for the aforementioned revitalization methods, we are committed to promoting adoption by private environmental groups with conservation expertise, while facilitating funding from financial institutions. This public-private collaboration aligns with ESG principles, aiming to safeguard national land ecology together. In 2023, our initiative titled “Public-Private Collaboration for Ecological Conservation: Safeguarding Our Land Together” was honored with the 6th Government Service Award.

“Diversified revitalization” has always been one of the key tasks in managing national properties. To break away from conventional thinking and seek flexible innovation, while aligning with national policies and maximizing the value of national land, the NPA collaborated with the Taitung County Government to develop the Taitung County Elderly Health and Long-term Care Park on the former site of the Taiping Veterans Home in Beinan Township, Taitung County. This successful project marks the first instance of central and local governments jointly developing national land to introduce the long-term care industry. We are currently replicating this model with the Tainan City Government and Yunlin County Government to jointly improve and utilize land for long-term care facilities.

In addition, to align with Taiwan’s 2050 net-zero transition policy, we are collaborating with National Chung Hsing University on a land improvement and utilization project. Two plots of national land in Sanxing Township of Yilan County, and Chishang Township of Taitung County, have been selected for afforestation to obtain greenhouse gas emission reduction credits. This initiative marks the first domestic voluntary emission reduction project utilizing national land for afforestation.

All of these businesses measures have been gradually realized by our colleagues in the 50-year-old Guangfu South Road office building. Due to the building’s age and insufficient seismic resistance, it is slated for reconstruction. Our Administration first completed structural reinforcements at the temporary office in the Finance Building on Aiguo West Road, where we also established a cooperative educare service center. After gradually improving the interior hardware facilities, we finally relocated on December 18, 2023. We look forward to a fresh start in the new office location, and opening a new chapter for national property affairs.

We have compiled our administrative achievements during the last year into an annual report and list the important work objectives in the future, hoping to use this to examine thoroughly our past performance and what we seek to accomplish in the future. We welcome all comments and feedback.

Faithfully yours,
Director-general, National Property Administration

壹、成立緣起

民國 34 年臺灣光復，政府接收日本公私機構、企業會社及日本人私有之各項財產。由於數量龐大，內容複雜，尤以不動產遍及全省各角落，分布零散，其接收、清理、管理及處理等工作極為繁重，雖先後有臺灣省日產處理委員會、臺灣省日產清理處、臺灣省公產管理處及臺灣土地銀行等機構主理其事，惟因冊籍浩繁，加以部分資料散失遺漏、殘缺不實，且缺乏完善之法令規章，以致管理上產生不少困難。

嗣因監察院決議認為國有財產由中央設置專責機構管理為宜，而政府亦為求建立永久性及全面性之國有財產管理制度，以促成現代化財政體系，乃成立國有財產局，承財政部之命，主管國有財產管理事務。國有財產局之設置，係接管前臺灣土地銀行公產代管部所有業務與人員、行政院軍用土地處理小組、臺灣省財政廳公產室及財政部國庫署部分業務與人員，於民國 49 年 12 月 12 日成立，並設立臺灣北區、中區及南區等 3 個辦事處。

配合行政院組織調整，本署奉總統 101 年 2 月 3 日華總一義字第 10100022761 號令公布制定「財政部國有財產署組織法」，經行政院令定自 102 年 1 月 1 日起施行。除於 101 年 2 月 6 日配合行政院人事行政總處組織改設納入原「公務人員住宅及福利委員會」宿舍管理業務及隨同移撥之員額外，並於 102 年 1 月 1 日新組織法施行時，納入「內政部營建署城鄉發展分署」新生地開發之土地管理部分業務與人力。原所轄臺灣北區、中區及南區辦事處經財政部 102 年 1 月 4 日台財人字第 10100732420 號令修正財政部處務規程，原財政部國有財產局臺灣北區、中區及南區辦事處變更為財政部國有財產署北區、中區及南區分署，原所屬分處更名為辦事處。

I. History of the establishment of National Property Administration

On the retrocession of Taiwan in 1945, the government took over the Japanese public and private institutions, enterprise associations, and private properties in Taiwan. Owing to the huge quantity as well as the complicated nature of the contents, especially the real-estate properties scattered throughout every corner of the province, its tasks of reception, cleaning, management, and handling were a heavy workload. Although organizations such as the Taiwan Province Japanese Property Disposal Committee, the Taiwan Province Japanese Property Liquidation Committee, the Taiwan Province Public Property Management Office, and the Land Bank of Taiwan Co., Ltd. were engaged in succession-related matters, the management of these matters generated great difficulties due to the voluminous number of books and certain missing, badly damaged, or unrealistic information as well as to the lack of well-established laws and regulations.

As the Control Yuan suggested that it was necessary to establish an authority in the central government to handle the matters of national property and the government regarded it urgent enough to establish a permanent and full-scale national property management system to promote a modern financial system, the National Property Bureau was established. Affiliated to the Ministry of Finance (MOF), it was responsible for the management of national property. Established on December 12, 1960, the National Property Bureau took over the entire staff of the Public Property Management Department of Taiwan Land Bank, Military Land Handling Section of the Executive Yuan, and Public Property Office of Finance Department of Taiwan Province, and part of the staff and operations of National Treasury Agency, MOF. Three offices were set up in northern, central, and southern Taiwan.

In keeping with the Executive Yuan's policy, our administration made and announced the "Organization Act of National Property Administration, Ministry of Finance" with the President's order Hua-Zhong-Yi-Yi Zi No. 10100022761 on February 3, 2012. With the approval of the Executive Yuan, it was implemented on January 1, 2013. On February 6, 2012, the NPA collaborated with the restructuring of the organization of the Directorate-General of Personnel Administration, Executive Yuan to include the management of the quarters of "Civil Service Housing and Welfare Committee" and the transfer of staff. Also, part of the operations and the staff of newly reclaimed land management from Urban and Rural Development Branch, Construction and Planning Agency, Ministry of Interior were included in the NPA on January 1, 2013. The Northern Region Office, Central Region Office, and Southern Region Office of the NPA were renamed as the Northern Region Branch, Central Region Branch and Southern Region Branch of the National Property Administration with the order of the MOF (ref. Tai-Cai-Ren Zi No. 10100732420) to amend the office regulations. The former branch offices were renamed as offices.

另為應苗栗地區業務需要及本於為民服務，經行政院 103 年 2 月 24 日院授發字第 1031300158 號函核定准予籌設本署中區分署苗栗辦事處，財政部並於 103 年 3 月 7 日以台財人字第 10300531270 號令修正發布「財政部國有財產署中區分署辦事細則」第 4 條、第 15 條、第 17 條及「財政部國有財產署中區分署編制表」，自 104 年 1 月 8 日生效，並於是日成立苗栗辦事處。

考量組織業務型態、地理位置及管理效能，本署北區分署臺東辦事處，國有土地出租農民耕作使用租戶眾多，與北區分署屬於都會地區偏向於基房地出租之業務型態不同。而與南區分署所轄各辦事處農業縣市，以耕地出租戶數眾多之業務型態較為相近。經行政院 106 年 8 月 3 日院授人組字第 1060053037 號函核定同意北區分署臺東辦事處改隸南區分署，財政部並於 106 年 8 月 14 日台財人字第 10600643270 號令修正發布「財政部國有財產署北區分署辦事細則」、「財政部國有財產署南區分署辦事細則」第 4 條、第 15 條、第 17 條及「財政部國有財產署北區分署編制表」、「財政部國有財產署南區分署編制表」，自 107 年 1 月 1 日生效。

To cope with the needs in the Miaoli area and serve the people, the Central Region Branch, National Property Administration was approved by the Executive Yuan on February 24, 2014 with the letter (ref. no. Yuan-Shou-Fa Zi No. 1031300158) to establish the Miaoli Office. According to the order Tai-Cai-Ren Zi No. 10300531270 on March 7, 2014, the MOF announced the amendments of Articles 4, 15, and 17 of the “Operational Regulations of the Central Region Branch of National Property Administration, Ministry of Finance” and “Personnel Establishment Table of the Central Region Branch, National Property Administration, Ministry of Finance.” The amendments came into effect on January 8, 2015. Likewise, the Miaoli Office was established.

Considering the service type, geographical location, and management efficacy of the organization, the Taitung office of the Northern Region Branch leased national land mainly for farmers to farm. Its service type belonged to that of the rural areas, different from that of the Northern Region Branch, which was located in an urban area. Its service type was similar to that of the Southern Regional Office that had many farmland tenants. On August 3, 2017, as approved by the Executive Yuan (ref. no. Yuan-ShouRen Zi No. 1060053037), the Taitung office affiliated to the Northern Region Office was re-assigned to be under the NPA of the Southern Region Branch. On August 14, 2017, with the order (ref. no. Tai-Cai-Ren Zi No. 10600643270), the MOF announced the amendments of the “Operational Regulations of the Northern Region Branch of National Property Administration, Ministry of Finance” and Articles 4, 15, and 17 of “Operational Regulations of the Southern Region Branch of National Property Administration, Ministry of Finance,” and the “Personnel Establishment Table of the Northern Region Branch, National Property Administration, Ministry of Finance” and the “Personnel Establishment Table of the Southern Region Branch, National Property Administration, Ministry of Finance,” which came into effect on January 1, 2018.

2. 依國產法第 43 條第 3 項規定，國有非公用財產類之不動產租金率，依有關土地法律規定；土地法律未規定者，由財政部斟酌實際情形擬訂，報請行政院核定之。但以標租方式出租或出租係供作營利使用者，其租金得不受有關土地法律規定之限制。本署辦理出租之國有非公用房地，目前租金率，基地按土地申報地價年息 5% 計算；房屋按課稅現值年息 10% 計算；其他耕、養、林、礦等土地之租金，亦有其一定計算標準。另國有耕地及海岸土地，得分別依國產法第 46 條規定訂定之「國有耕地放租實施辦法」及「國有非公用海岸土地放租辦法」規定辦理放租。截至 112 年出租 36 萬 1,114 筆（錄）、7 萬 4,119.6 公頃，收取租金（含使用補償金）52 億 7,102 萬餘元。

However, the following items may be leased directly: those whose original lease has expired within 6 months, those who have utilized the real estate in deed before July 21, 1993 and are willing to pay the compensation for the occupying period, and those who have been purchased by law. If the leasehold relation of the non-public use real estate has become non-periodic by law, a written covenant should be instituted within the stipulated period. The non-public use national real estate managed by the NPA according to the abovementioned regulations, other than limited by policies or other regulations, will be leased depending on the tenant's intention.
- b. According to Paragraph 3, Article 43 of the National Property Act, the rent of the national non-public use real estate is determined by the relevant land acts; for such matters not specified in land acts, shall be prescribed by the MOF referring to the actual situation and then submitted to the Executive Yuan for approval. However, in cases of lease by tendering or for business, the rent shall not be limited by the relevant land acts. According to current rental rates, the leasing of national non-public use premises by the NPA for building lots are calculated at 5% annual interest of the declared land value; the rent for houses are calculated at 10% annual interest of the taxing current value. The rent of other lands used for farming, cultivation, forestry, mining, and others are calculated at a prescribed standard. National farmland and coastland are leased in accordance with the "Regulations of Leasing National Farmland" and "Regulations of Leasing National Non-public Coastal land" as stipulated in Article 46 of the National Property Act. By the end of 2023, about NT\$5.271 billion of rent (including compensation) was earned from 361,114 pieces (entries) of land with the area of about 74,119.6 hectares for lease.

(三) 處理被占用

1. 對被占用之國有非公用土地，其符合國產法及相關法令規定者，得以撥用、出租、讓售、專案讓售、視為空地標售、現狀標售或委託經營等方式處理；至無法依上開方式處理之被占用土地，則通知占用人自行拆除或騰空返還，並得依「1. 違反相關法律或使用管制者，通知或協調主管機關依法處理 2. 以民事訴訟排除 3. 依刑法第 320 條、第 349 條規定移請地方警察機關偵辦或逕向檢察機關告訴。占用情形影響國土保安或公共安全者，優先移送。」方式處理。在未依法處理完成前，向占用人追溯收取使用補償金。112 年度處理被占用之國有土地 2 萬 8,785 筆、面積 4,413 公頃，及向占用人追溯收取使用補償金 10 億 9,237 萬餘元。
2. 為積極處理被占用國有非公用土地，本署積極執行行政院核定之「被占用國有非公用不動產加強清理第二期計畫」，並參與內政部「國土利用監測整合作業」，及自 103 年起加入經濟部地質調查及礦業管理中心「網路傳輸盜濫採航照及衛星影像與資料即時通報系統」，以衛星監測國有土地變異情形，並自 107 年起逐步建置「3G 或 4G 行動網路傳輸進行攝影」方式監控國有非公用土地等，運用高科技查察占用情形，108 年盤整各類國有非公用土地管理情形，訂定各分署應巡查管理之土地項目，並於 109 年至 112 年檢討精進巡查管理機制，112 年並委託內政部國土測繪中心辦理航拍作業及地上物數化作業，強化國有土地管理績效。

3. Handling of occupancy

- a. Occupied national non-public use land that comply with related laws and regulations can be handled in the means of appropriation, leasing, selling, selling by special case, tender leasing as empty land, selling by contract at current conditions, and consigned operation. Regarding occupied land that cannot be handled with the abovementioned means, the occupants will be informed to demolish the premises themselves and return the vacated land, and shall be handled with the following means: “1. For those who violate related laws or land-use control, authorities will be informed or coordinated to handle the cases according to the law. 2. Settle with civil procedure. 3. According to Articles 320 and 349 of Criminal Act, report to the police or file a lawsuit directly at the prosecutor’s office. If the conditions of occupancy affect national land security or public safety, occupants will be prosecuted in priority.” Before the case is settled, compensation will be charged from the occupant. In 2023, 28,785 pieces with the area of 4,413 hectares of occupied land were handled. Compensation at the value of NT\$1.09237 billion was collected from the occupants.
- b. To actively address the occupied national non-public use land, the NPA is vigorously implementing the “Second Phase Plan for Strengthening the Cleanup of Occupied National Non-public Use Real Estate” approved by the Executive Yuan. Additionally, we participate in the Ministry of the Interior’s “National Land Use Monitoring Integration Task” and, since 2014, have joined the Ministry of Economic Affairs’ Geological Survey and Mineral Resources Management Center’s “Online Transmission System for Illicit Mining Aerial and Satellite Imagery and Real-time Data Reporting.” This involves satellite monitoring to detect changes in national lands, and since 2018, we have progressively implemented “3G or 4G mobile network transmission for photography” to monitor national non-public use lands through high-tech methods. In 2019, we consolidated various types of management situations for national non-public use lands, established inspection management land items for each division, and from 2020 to 2023, reviewed and improved our inspection management mechanisms. In 2023, the National Land Surveying and Mapping Center under the Ministry of the Interior was commissioned to carry out aerial photography and digitalization of surface objects to enhance the management efficiency of national land.

 Chart 4-14 Area of occupied and handling of occupied national non-public use land in the past 5 years

(四) 委託管理

1. 依國產法第 13 條規定，財政部視國有財產實際情況之需要，得委託地方政府或適當機構代為管理。本署早期就宜農牧、宜林地及抵稅公共設施用地等委託所在縣市政府管理，惟各縣市政府限於人力及經費不足，代管意願低落，其管理績效不彰，被占用情形嚴重。故於 86 年間，除列入擬放領之土地，繼續由縣市政府代管外，其餘土地全面終止委託，收回自行管理。
2. 目前各地方政府對轄區內閒置空地之環境維護極為重視，國有土地之管理有必要予以配合，為節省管理人力、經費及提升土地利用價值，並避免被占用及髒亂，以收美化環境之效，簽奉財政部核准，就無處分或利用計畫之國有土地，地方政府或適當機構有意願於地上施以綠美化者，得以不支付管理費用方式委託管理。另為因應文化資產保存法及水庫管理等需要，已分別報奉財政部同意委託管理。截至 112 年，委託地方政府或適當機構管理案件有 5,671 筆（錄）土地，面積 1,012 公頃。

(五) 國有林地移交林務局接管

1. 落實「林務、林政一元化」政策，行政院核定本署經管國有林地移交林務機關接管。
2. 截至 112 年，完成移交農業部林業及自然保育署接管林地 6 萬 4,424 筆、面積 5 萬 7,136 公頃。
3. 國有林地移交農業部林業及自然保育署接管已納入經常性業務，持續辦理，以落實政策。

4. Entrusted Management

- a. According to Article 13 of the National Property Act, “depending on the actual situation, the MOF shall entrust local government or proper institution to manage non-public use national property.” The NPA has long entrusted city and county governments to manage lands suitable for farming, forestry, or land reserved for public facilities which are the payment in kind. However, due to insufficient human resources and funds in city and county governments, they are shown to have low intention of consigned operations, resulting in the dissatisfactory outcomes and serious instances of unlawful occupancy. In 1997, other than the listed granted land that will be entrusted and managed by city and county governments, the entrustment of all other land should be terminated and taken back for management by the NPA.
- b. Now local governments pay much attention to environmental protection of idle lands in their regions. Cooperation should be given to the management of national land. To save human resources and funds, promote the use value of the land, and avoid occupancy and disorderly appearances, the NPA has written for the approval of the MOF to allow for the consignment of lands without disposition or plan for use, to be used for beautification of the environment. If local governments or appropriate agencies intend to use the land for greenifying or beautifying purposes, no management fees will be charged. For other lands that fall under the requirements of the Cultural Heritage Preservation Act, and reservoir management, requests were forwarded to the MOF for consigned operation. By the end of 2023, 5,671 pieces of land with a total area of 1,012 hectares were consigned operation..

5. Transfer national forest to the Forestry Bureau to take over the land

- a. To consolidate the policy of “Unitization of forestry and forest administration,” the Executive Yuan approved the NPA to transfer national forests to forestry organizations for better management of the land.
- b. By the end of 2023, 64,424 pieces of land with an area of 57,136 hectares were transferred to the Forestry and Nature Conservation Agency, Ministry of Agriculture.
- c. The transferal of national forests to the Forestry and Nature Conservation Agency, Ministry of Agriculture has become a routine operation. It will continue to be conducted for full implementation of the policy.

(六) 國有非公用邊際土地環境認養

1. 108 年間訂定「國有非公用邊際土地提供認養促進環境保護案件處理原則」，除於各種重大場合及相關機關召開與生態保育或環境保護議題相關之會議中積極宣導推廣該機制，並主動定期篩選適宜國有土地提供環保團體評估認養，截至 112 年，已簽訂認養契約 14 案，土地面積 2,043 公頃，參與認養之環保團體 10 個（其中 4 個環保團體因時間或地點不同簽訂 2 份契約）。
2. 為利環保團體能有穩健財務推動環境保護工作，擴大環保認養機制效益，111 年 9 月 23 日舉辦「媒合公股及民營銀行贊助已認養國有非公用邊際土地之環保團體推動環境保育工作說明會」，期望銀行業者以贊助經費或合辦活動方式加入環保認養機制行列，共襄盛舉。截至 112 年，有 10 家銀行業者加入環保認養機制，提供之贊助金額合計達 566 萬 8 千元，財政部並於 112 年 1 月 16 日舉辦成果發表會，由莊部長翠雲主持並見證金融機構、環保團體、政府機關三方簽署環保宣言，期許三方協力合作，達成落實國土保育、穩健環團運作、綠色金融行庫與環境永續發展四贏。
3. 112 年以「公私協力保生態 守護國土作伙來」為主題參獎，榮獲第 6 屆「政府服務獎」肯定，為感謝環保團體、提供贊助之銀行及協辦機關，並推廣環保團體認養執行成果及 113 年工作計畫，於 112 年 12 月 8 日召開「國有非公用邊際土地環境保護認養執行情形及 113 年工作計畫（含媒合各公民營銀行贊助）會議」，並頒發感謝狀。

6. National Non-Public Use Marginal Land Environmental Adoptions

- a. The “Principles for Provision of National Non-public Use Marginal Land for Adoption for Environmental Protection Purposes” was stipulated in 2019. Apart from promoting the aforementioned system at major occasions and in meetings held by relevant agencies where issues surrounding ecological conservation and environmental protection are discussed, the NPA proactively selects suitable national land for environmental protection groups to adopt on a regular basis. As of 2023, up to 14 Adoption Agreements were signed, covering an area up to 2,043 hectares of land. Ten environmental protection groups are involved in the environmental adoption process (among them, four environmental protection groups signed two agreements each, due to differences in time and location).
- b. To provide the environmental protection groups with stable financial resources to promote environmental protection, and extend the benefits of the environmental adoption system, an information session was held on September 23, 2022 to “match public and private banks to sponsor environmental protection groups who have adopted national non-public use marginal lands, to promote environmental conservation.” The NPA hopes that banks will join the meaningful environmental adoption system by providing sponsorship for the environmental protection groups, or by co-organizing events. As of 2023, ten banks from have partnered with the environmental adoption system. The amount sponsored totals NT\$5.668 million. On January 16, 2023, the MOF held a press conference to announce the results of the project. The MOF Director, Chuang, Tsui-Yun, hosted and witnessed the three-party signing of the Environmental Protection Pledge by financial institutions, environmental protection groups, and government agencies joined together. The expectation is that the three parties will join forces to strive in achieving the four following goals: implement the environment protection of the national land, stabilize the operation of the environmental protection groups, carry out ecological green banking, and realize the sustainable development of the environment.
- c. In 2023, under the theme “Public-Private Collaboration for Ecology Preservation: Together for National Land Protection,” we participated in and won the 6th Government Service Award. This recognition was a testament to our collaborative efforts with environmental groups, sponsored banks, and co-organizing agencies. To further promote the successful adoption of environmental protection initiatives and outline the work plan for 2024, a meeting was held on December 8, 2023. The meeting focused on the adoption of marginal national non-public use lands for environmental protection, including sponsorship from both public and private banks for the upcoming year. Certificates of appreciation were awarded at this meeting to acknowledge the contributions of all parties involved.

In accordance with Article 8, Paragraph 2 of the Cultural Heritage Preservation Act, public cultural heritage sites shall have budgets prepared by their owners or managing authorities to carry out preservation, restoration, and management.

The NPA manages a vast number of cultural assets (as of 2023, up to 343 sites). In addition to continuously revitalizing and utilizing these assets in accordance with relevant laws and regulations, we also strengthen the management and maintenance of those not yet available for use. Since 2019, the NPA has sought budget allocations for this purpose. In 2019, NT\$20 million was allocated, followed by NT\$5 million in 2020 and NT\$9.055 million in 2021, to fund the restoration of two cultural heritage sites: the historical building of “The Former Residence of Kinoshita Seigai” and the national monument of “Tainan San-Shan Guo-Wang Temple.”

However, the overall funding for cultural heritage site restoration and maintenance remains insufficient compared to the actual needs. To address this funding gap, the NPA consulted with the Bureau of Cultural Heritage under the Ministry of Culture, and adopted their suggestion to formulate the Directions for Adoption and Maintenance for National Non-public Use Cultural Assets to secure dedicated funding. The plan spans from 2022 to 2027, with a total budget of NT\$852.559 million. It was approved for implementation by the Executive Yuan on August 16, 2021, and subsequently amended on November 14, 2023. As of 2023, we have completed restoration and reuse plans for eight cultural heritage sites, one cultural heritage restoration project, and 819 cultural heritage inspections.

These services are made available on the official website for the public to access quickly and conveniently.

To solve the problem of insufficient human resources, each region branch accepted the payment of land rent with Post Office Giro Number. In addition, it also entrusted Taiwan Bank and Taiwan Cooperative Bank to use Tradevan to conduct rent auto deduct by means of money transfer, accomplishing good results. Since July 2015, the NPA engaged CTBC Bank to collect rentals through convenience stores, farmers' and fishermen's associations, and remittance transfer. Lessees may also connect to the e-Bill website for making payment online. Paying rentals or use charges through a debit card or online ATM transfer is available as well. From December 15, 2020, new payment channels were added. Lessees may come to the counters of the NPA's region branches to use credit cards for payment. As of 2023, there was an aggregate of 3.10 million payments made using the aforementioned methods. Such methods improved the convenience for lessees to make rental payments.
